

Little Me Pre-Schools Local Offer for Children with Special Education Needs and/or Disabilities (SEND) 2016

The aim of this document is to enable families to see the support that they would receive for their child at Little Me Pre-Schools. It provides clear information about what we have already put in place to enable your child to achieve to their full potential. We work within the guidance of the Early Years Foundation Stage (EYFS) framework and use this to promote each child's learning and development. We regard each child as being unique and endeavour to meet their individual needs.

1. How does Little Me Preschool know if children need extra help and what should I do if I think my child may have special educational needs or disabilities?

Initially we arrange for parents to visit Little Me with their child. We introduce you to your child's key worker and take time getting to know your child. If you have any concerns at this point about your child's development we would discuss this with you and put in place any support required.

We regularly observe, monitor and assess all children through the use of our online learning journals.

2. How will Little Me Preschool staff support my child?

Each child is allocated a key person who will be responsible for monitoring their progress. We have high adult child ratio's ensuring all children receive the individual support that they require. We have a SENCo who attends regular training and children are monitored both individually and as a group.
